How the UNLIMITED ATTENDANCE PLAN saves you money:

On average, companies send 10 or more employees collectively per month to our webcasts. At \$249 each with a grand total of \$2,490 for the month or \$7,470 for the quarter. Our low quarterly fee of around \$2,999 (plan costs differ based on company size and industry) is \$4,471 in savings for the quarter – over \$17,884 for the year. Even if you send only 5 people per month or attend 5 programs you will still save thousands. In addition to the direct savings, your employees and your firm receives numerous premium benefits. If you send more than a few people to any of our programs a month then the UNLIMITED ATTENDANCE Program is the right choice for your company.

How are we able to do this?

As a result of very high volume, we are able to sharply negotiate our web broadcast fees. We pass these savings along to you.

How the UNLIMITED ATTENDANCE Program works:

After your firm is signed up for the appropriate UNLIMITED program, you will be emailed a **code** which you can forward to your employees. They can use this code to self-register free for any of the webcasts listed on the active calendar: <http://knowledgecongress.org/events.htm>. The code expires in 3 months and will work for all of your employees. *We'll send you a renewal notice before your membership expires.*
